P R E F A C E .

The Public is now in possession of the first EXCLUSIVELY BUSINESS DIRECTORY yet offered for its Patronage, and the author ventures to hope, that though there may be minor errors therein, it will be found of a really useful character.

No small pains have been taken in collecting and arranging the matter contained in the present volume, and the author feels satisfied that the large amount of information it embodies, not hitherto found in any work of the same nature, will be valued at its real worth.

Various unexpected hinderances, and the extension of the work much beyond the original design, may be a satisfactory excuse for its appearance somewhat later than was promised ; nevertheless the undersigned believes that subscribers will be satisfied that they have value received for the delay.

The author takes the opportunity to thank his numerous supporters for the liberal encouragement he has received (far exceeding his most sanguine expectations) and would intimate his intention of issuing early next spring a GENERAL DIRECTORY of the City, accompanied by a well executed map of suitable size, now in course of preparation.

Very Respectfully,

S. McLAUGHLIN.

QUEBEC EXCHANGE.

MANAGING COMMITTEE.—Hon. W. Walker, Chairman ;
A. D. Bell, H. Pemberton, H. J. Noad, R. Roberts,
R. Shaw, Secretary, W. Lane, Superintendent.

GENERAL OBSERVATIONS ON THE TRADE DURING THE
SEASON OF 1853.

(Compiled chiefly from the Exchange Books.)

It is calculated that the Trade Returns of the present year will exhibit a total Customs Revenue bordering on £1,034,969: it is even thought they will reach £1,200,000; but admitting the first sum to be correct, they show an increase over last year's receipts of £295,706.

TIMBER TRADE.

The Trade in this great staple of the country has been very active throughout the season, and it has been done on a scale that has, beyond all doubt, proved remunerative both to the manufacturer and the shipper.

ARRIVALS AT THIS PORT FROM 1849 TO 1853.

1849.....	1,064	Vessels.....	431,953	Tons.
1850.....	1,979	"	434,294	"
1851.....	1,185	"	505,034	"
1852.....	1,053	"	454,102	"
1853.....	1,193	"	536,083	"

Of the arrivals this year, 154 were Foreign, viz:—
78 Norwegian, 32 United States, 26 Prussian, 7 Portuguese, 4 Swedish, 4 German, 1 Russian, 1 Spanish, and 1 Dutch. Their aggregate tonnage amounted to 63,849 tons.

In addition to the large number of arrivals this year, there were built during the year ending 1st December, 1853.

43 Square Rigged Vessels, forming...	46,148	Tons.
1, 193 Arrivals this year.....	536,082	"
1, 236 Vessels.....	584,230	"

Number of Vessels cleared at this Port for each of the following Provinces, in 1852 and 1853.

1852.

New Brunswick.....	88	Vessels,.....	4785	Tons.
Nova Scotia.....	28	"	2641	"
Newfoundland.....	24	"	1944	"
Cape Breton.....	5	"	337	"
Labrador	8	"	529	"
Prince Edward Island.....	2	"	251	"

1853.

New Brunswick.....	104	Vessels,.....	5617	Tons.
Nova Scotia.....	46	"	2778	"
Newfoundland.....	34	"	3575	"
Cape Breton.....	5	"	304	"
Labrador	7	"	244	"
Prince Edward Island.....	4	"	176	"
Ragged Island.....	2	"	112	"

It will be seen by the above, that there is a very considerable increase in the amount of tonnage employed in the trade to Newfoundland this year. This is of course to be attributed to the repeal of the duty here of $12\frac{1}{2}$ per cent., on the fish coming from that Island.

SHIP BUILDING.

The great demand for ships, and the high prices they have lately commanded in England, have been the means of increasing ship building here to nearly double what it was last year; and judging from the preparations now being made for building, and the number of ships already laid down, there is reason to believe that there will be a still further increase next year: already are there 29 ships building whose tonnage will amount to 35,030 tons.

Ships Built and Registered at Quebec in 1854 up to the commencement of July.
